1830 Book of Mormon Replica

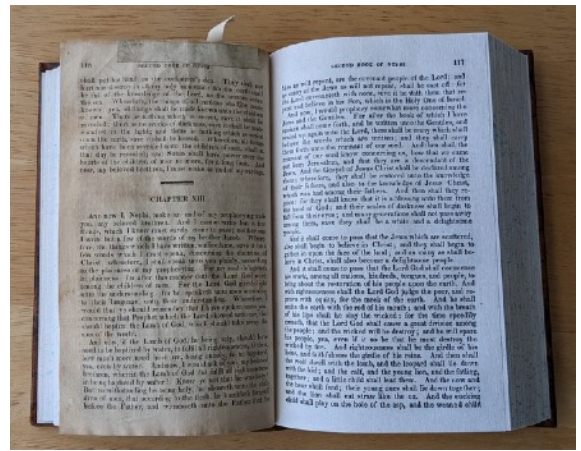

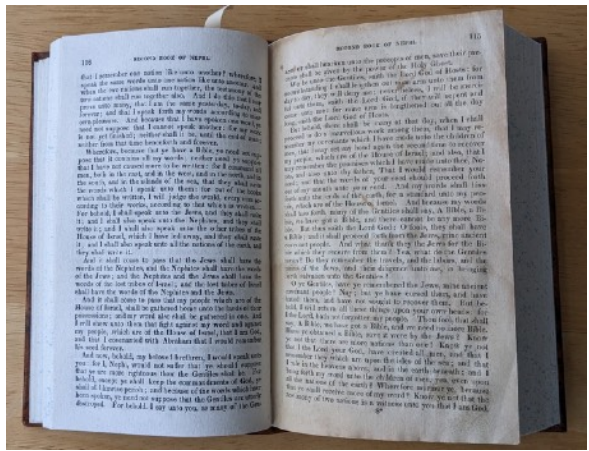

In 2007 I purchased 147 of LDS first Editions 750 limited edition replicas that they were in the process of producing. I asked them to insert into each of the 147 books that I purchased from them 2 sheets (4 pages) from an original 1830 Book of Mormon that I had purchased a few years earlier that was missing the title and witness pages but had all 508 text pages. They did as I requested and so I ended up with 147 replica books each unique in that each contain 4 different pages from that original book.

Karen and I hope that our gift of this Replica Book of Mormon with 4 unique pages from an original Book of Mormon will help you understand the importance that the Book of Mormon has had in our lives.

The Book of Mormon testifies of Jesus Christ and explains his mission and purpose for each and every one of us.

With love and appreciation for you,

David and Karen Hall
